Young Man Escapes Death In Truck Wreck

Jeffrey Zane McDaniel was hospitalized after his truck, Friday night. His truck overturned after he reportedly

drove off the side of the road to avoid hitting an oncoming car on his side of the road. The

accident occurred on the Old Samson Highway, just South of the railroad tracks in Elba.

Council To Enforce Zoning Laws

The Elba City Council took a stand on mobile homes in R-1 zones (single family dwellings) Tuesday night. They voted to enforce the zoning ordinance and also voted to remove it from the books if unenforceable.

After a long and confusing discussion with motions made and then changed, and then changed again the council voted 4-1 (with Councilman Jimmy Wise opposing) to enforce the ordinance that prohibits mobile home in R-1 zones. After all the discussion it was still unclear if the city was going to file a blanket suit against all mobile home owners in residential areas in one suit, individual suits or on the complaint basis. No instructions were issued to city employees to prevent future connections of water, sewage or electricity to these mobile homes in restricted zones.

The motion to remove the ordinance from the books if it was decided by the courts if it was unenforceable was tied 2-2 with one no vote until Mayor Robert Folsom voted for the motion. Voting with Folsom were Councilmen Charles Kennett and D. M. English, while Councilman Wayland Sharpless and Jimmy Wise opposed the motion. Councilman Cleo Hawkins declined to vote saying he wanted some legal advice on the ordinance before voting.

City Clerk Jack Prescott reported to the council that City Attorney Gareth Lindsey had responded to the request for advice in the matter by

telling the council to let the parties involved work it out among themselves. The discussion on mobile homes began when R.S. Jones again appeared before the council noting he had first been before the council in January and had been assured the matter would be handled. Jones said he went ahead and built his new home and nothing had been done. He reported that the original trailer had moved out but another was moving in on Tuesday afternoon. As noted above the council voted to enforce the ordinance.

A request from the Coffee County Health Department asked for an increase in the appropriation during the coming year to \$3600. Mayor Folsom reported current funding of \$50 per month or \$600 per year. He responded to the request from the council that he make a recommendation and suggested doubling the present amount to \$100 a month or \$1200 annually. This was approved unanimously by the council.

A letter of appreciation was read from school superintendent Elmer Taylor, thanking the council for the financial support noting the school had no source of additional funds except the city council. Police Chief Max Rayborn requested and received agreement that letters should be written to respective headquarters thanking the National Guard and Army Reserve for the recent storm warnings. Mayor Folsom reported

When Wise made the statement about "legal responsibility" and expressed concern of possible court action, Folsom said, "They can get their best hold, cause we are going to court."

Wise asked Folsom about sending a crew of four men to Fairhope for storm cleanup without consulting the city council. This erupted into more than a question-answer deal when Folsom loudly voiced his opinion of his job responsibility, his opinion of Wise and others who disagree with him (Folsom).

City Clerk Jack Prescott reads letter.

Elba PTO

Will Meet Monday

The first meeting of the school year will be held by the Elba Elementary and Middle School PTO on Monday night, September 24th. The meeting will be in the cafeteria of the middle school and will begin promptly at 7 p.m., according to President Rex Boutwell.

Survey Underway For Connector Road

The State Highway Department survey crew has been in Elba since Monday of this week checking possible routes for location of the previously announced connector road to connect the Troy Highway, Kinston Highway and other roads in the westerly swing around Elba.

J. D. Calhoun, of Troy, survey party chief, looks on as Michael Hattaway sights through the transit to mark the exact line for one proposed route of the road.

The other photo is a shot over Hattaway's back down

through the woods where other members of the crew have cleared brush and set up stakes along the proposed route. The most likely route of the road will include Bypass Street, connected to Taylor Mill Road North and West of

Mulberry Heights and Kennedy Estates, across Beaver Dam Creek to the Opp Highway near Hamm Animal Clinic and down Boswell Street to the sharp curve and through the woods to the Kinston Highway somewhere from Ann Street to Two Mile Creek,

likely straight in at the curve above the bridge. Representative Jimmy Holley and Senator Wallace Miller have expressed a strong belief the project will be completed due to the definite need and from conversations with Highway department officials.

Peanut Stack-Symbol Of Post

Pictured is an old fashioned "peanut stack" that used to be a familiar sight in the rural areas of Coffee County twenty years ago. Now modern machinery has made stacking peanuts a thing of the past as the machine picks up the vine from the ground, picks off the nuts and drops the vine back to the ground.

This stack in the garden of Jerry Fuller just North of Elba on the Troy Highway is a little small and shy a full supply of vines as well as a "cap." However this constitutes all the peanuts Jerry had left after the patch was hit for boiling peanuts.

In the day of the stacking of peanuts, many farmers took great pride in the looks of their peanut stacks. It was also an honor to be designated as the "cap man." This was someone experienced in the art of stacking peanuts for the best drying and who could put that last fork of vines on the top to allow the stack to shed virtually all the rain while the vines were drying enough to be shredded in the picker.

One of two jobs was the worst after the peanuts had dried and been hauled to the picker site. If the wind was blowing forward, then those feeding the vines into the

picker slowly to prevent choking would eat dirt all day. If they were in the clear, then surely the man at the back of the picker "doodling" hay for the hay baler would surely be getting to eat the dirt.

During these days five hundred pounds to the acre were not uncommon and a ton to the acre producer was often considered a story teller. Now anything less than a ton or ton and half per acre is considered a crop failure. Coffee County farmers are now in full swing with picking their goobers and reports indicate another bumper crop for local producers.

POOR ORIGINAL

BRAINSTORMS

WITH FERRIN COX

We have had a number of folks questioning the local situation concerning civil defense - what have we done to be prepared for an emergency. Well, a number of things were done in anticipation of the storm's hitting last week, and we hope, enough. On the civil defense side, \$27,710 was spent in Coffee County by county, state and federal agencies to support our civil defense - maybe someone can tell us where it went. One county official noted that a certain amount went to that old catch-all called "travel expense."

There is a definite need locally for some attitudes for immediate action when some neighboring community is hit by disaster. Monday, five days after the storm hit the Mobile area, we began getting calls from people asking if any activities were underway to help the victims. This is a great attitude, but a truck of supplies should have been rolling on Thursday. We knew for a week the storm was going to hit the U.S.; we knew a couple of days it was to hit the Gulf Coast, and all day Wednesday we knew it would hit Mobile, and by Thursday morning it was clear we had been spared the worst of the storm. At that time, any help we were going to offer should have been going full force... at the time of their greatest need. We are filing the names of the people who showed concern enough to ask us about the situation, and the next time something like this happens, we will get them together (at least on the phone) and get the good folks of Elba helping immediately.

We watched our window and driving by as the huge vault was built at the new home of the Elba Exchange Bank. The building of a vault would make a great news story, but Oscar Vaughan tells us this is his last one. There is no way anything short of a 500-pound blockbuster could get into that hunk of cement and steel. In fact, we wondered for a week or so just where the door would be located, or if maybe they had forgotten to put one in the vault. Before they finished, it was clear to us that the builders knew their business.

My family and I went to the beach at Panama City this past weekend, leaving after the Elba-Lavender ball game and a little party we attended. True to form, we got caught, as the Rich family was also there. All was fine, no crowds and reasonably good weather. After it was over, our three-year-old said the thing he liked best was riding the elevator in the motel. We already knew that Number Two hotel was the best, but we didn't know that the highlight was the window shopping in a dress shop she had never visited. The big question now is - why in the world did we go to the beach in the first place? ...P. S. Youngest son loves the expensive shrimp, but discovered he much preferred his mother's more expensive lobster.

Elba Mayor Robert Folsom sent a crew of four men to Fairhope with a big truck and chain saws to help them dig their way out of the mess left by the storm. We are glad Elba is doing something to build a better reputation for a change. We wholeheartedly support extending the helping hand, cause we only too well remember the help we received when we were hit by one several years ago. There is some discussion among the city fathers about who should have the authority to send the crew, but we will let them debate the matter themselves, as long as they comply with the laws of Alabama.

The news is full of stories of how Mobile was torn up during the storm, but a news release received at this office indicates Fort Conde (the rebuilt fort from "Old Mobile") was open for business within hours of the passing of the storm. The article also reported a coffee shop in the area opened the same day!

There was an accident last Friday morning on Highland Drive involving a city garbage truck and a teenage girl. The girl hit the back of the garbage truck. According to the police report on the matter, the driver of the garbage truck didn't have driver's license at all. Now, here was a man driving a city vehicle and didn't even have license! There was no tag on the truck and either the lights didn't work or were not turned on (stories conflict). We had a call Monday morning asking, "How can we train our children to obey the law when our city allows its own employees to ignore the same laws?" Well, we can't answer that one unless we use the violations by the city as examples of what not to do.

A German mother, who helps bring young drug addicts out of their unreal world, has this advice for parents: "When talking to addicts, always stay down-to-earth. You can crack up later."

Elba General Hospital

ELBA JAYCEES - 1st and 3rd Thursdays of each month at 7:00 p.m. at the People's Bank. New members welcome.

ELBA CITY COUNCIL - 1st and 3rd Tuesdays at 7:00 p.m. at City Hall.

HRDC Office on Putnam Street invites participation in ceramic and sewing classes each Wednesday afternoon.

ELBA CITY SCHOOL BOARD - 1st Thursday night at 5:00 p.m. at Superintendent's Office.

BWP meets the 2nd Monday night at 7:00 p.m. at Holley's Restaurant.

WEIGHT WATCHERS - Zion Chapel High School - Monday nights at 6:30 p.m.

ROTARY CLUB - Each Monday at noon at Holley's Restaurant.

ELBA JAYCEES - 3rd Monday at 7:30 p.m. at People's Bank Building. All Jaycee wives invited.

AMERICAN LEGION - 2nd Thurs. 7:30 p.m. at Legion Home Troy Highway. Members bring covered dish.

BOY SCOUTS - Each Monday night at 7:00 p.m. at the pool.

WATER AND ELECTRIC BOARD - 2nd Tuesday at 5:30 at City Hall.

Pea River Historical Society Meets

Business was the subject of the Pea River Historical and Genealogical Society's first meeting of the current club members, announce the committee and called for reports from standing committee chairmen.

Col. Ron Jones, chairman of the Depot Committee, said the City of Enterprise will soon call a public hearing on the proposal to close Railroad Street between the depot and the old Rawls Hotel. This is in keeping with architectural plans for developing the depot property.

Genealogy chairman James Jolly said there was quite a bit of interest in genealogy in the area and he urged the members to take advantage of the publications in the museum library. Jolly also told about several sites that are being considered for historical markers within the county.

Plans are being made to open the gift shop and library

either one or two days a week. Mrs. Eaton Speigner, chairman of the gift shop, gave her financial report and told of the plans.

October 25 has been tentatively set for another "old fashioned" dinner. Previous dinners of this kind were very successful and there have been repeated requests for more.

Plans are also being considered for placing a fence around the heritage park site and to complete the welcome center on the by-pass. Chair-

men for these committees were not present but had kept the President informed of their plans.

Dr. James Stanley said Mrs. Maud Windham would be the speaker for the November meeting. Mrs. Larry Youngblood reported 175 members.

"We are anxious for more Enterprise citizens to become members of this organization. We need help in carrying on the rich heritage that our forefathers left to us."

Isabel Crum Marshall said Thursday, Sept. 13, at 1:30 a.m. at the Elba Nursing Home. She was 82 years old. Widow of Richard J. Marshall (dec); sister, Mrs. Bennie Herren, Sunny Dale, CA; 2 granddaughters and 4 great-grandchildren.

Graveside services were held at Oakwood Cemetery, Montgomery, Sept. 15 at 2 p.m. Minister Charles H. Douglas.

For those students who cannot attend day classes, an afternoon/evening class is available. A part time schedule may be worked out for those who wish to work and attend school. For more information, call 493-3573, or come by the school located North of Opp on the Brantley Highway.

The Travel Trades Department of Douglas MacArthur State Technical College in Opp is now taking applications for admissions to the masonry class which has eight vacancies at this time. This job field always has good job openings in our trade area. The course is approved for veterans' school.

ing. For those students who cannot attend day classes, an afternoon/evening class is available. A part time schedule may be worked out for those who wish to work and attend school. For more information, call 493-3573, or come by the school located North of Opp on the Brantley Highway.

These temporary side effects are balanced against the potential for controlling or curing a form of cancer, the benefit to the patient is obvious because unchecked cancer costs lives.

An 8½ pig average is what the Sumblin boys of Kinship have with their swine herd. Rocky, left, and Tim, right, check one of their newly born

Sumblin's Have Excellent Record

To be the top Landrace breeder in the country. This is the goal that Tim and Rocky Sumblin of Kinship have set for themselves. They presently have 48 sows. Most of these sows are purebred Landrace, but they are also running a few purebred Yorkshires so that they can have some crossbred gilts for sale. They plan to eventually get up to about 80 sows.

Tim, 29, and Rocky, 24, are two young farmers who believe their is a future in farming. Besides operating a swine unit, they also produce corn and peanuts.

The Sumblin boys have an excellent record as far as pigs weaned. They have 8.5 pigs per sow weaned where the Alabama average is about 7.2 pigs per litter. They believe

pigs a close watch of the sow and pigs at farrowing time help you save more pigs, according to the Sumbkins.

that a good boar is the best investment a hog farmer can have. They are constantly looking for boars that are better than what they have so that they can continue to improve their overall swine herd.

They must be doing a good job because they entered four pigs in the Summer Landrace Conference in Ohio and placed in the top ten with all four pigs. This is excellent being the first time they have been in show competition.

They have purchased Landrace and Yorkshires for sale, but they also run a finishing unit which helps spread the income more evenly.

With young men such as the Sumbkins succeeding in farming, this nation can expect to continue to be well fed.

FOR DEPENDABILITY, PERFORMANCE AND DURABILITY COUNT ON THE 1580

When you've got 67 years of building peanut harvesting equipment behind you, you pretty well know what you're doing. The Lilliston 1580 is a prime example.

There are 5900 pounds of clean harvesting performance here—a lot less weight than you'll find on other makes. Here, too, is the exclusive separator system which adjusts to a wide range of field conditions.

Every pound's working for you. There's none of that dead weight that only builds up costs. Yet it brings in a payload as big as any thing else in its class.

And it's a true Lilliston—built to run hard and run long. Steel channel framing, for instance, gives the 1580 extra strength, reducing the metal fatigue that's the big factor in long performance.

It's all here in the Lilliston 1580. This is some lean machine.

- ALL YOURS IN THE 1580—
- Lilliston's exclusive Separator System—the best there is.
- A special Camless Pick-up that runs quiet, smooth and is very easy to maintain.
- Three pick-up drive sprockets, 12 available pick-up speeds.
- Six dirt removal components to deliver you a clean, high-grade harvest.
- Wide 66" pick-up takes in the largest windrows.

Soil Conservation News

By: BILL HUGHES, District Conservationist

CROP RESIDUE MANAGEMENT

With the corn harvest well underway and peanut digging time here, it is a good time to consider what to do about crop residue. Should you bale it and feed it to livestock or should you leave it on the land and incorporate it in the soil? Leaving crop residues and lightly incorporating them into the soil improves soil structure and also decreases erosion.

Just about one-half of corn, grain sorghum, small grains and soybeans are crop residues. These residues, stalks, stems and leaves contain the 16 essential nutrients for plant growth. Elements gradually released into the soil through decomposition are nitrogen, phosphorus, potassium, calcium, magnesium, sulfur, boron, iron, zinc, manganese, copper, chlorine and molybdenum. Organic matter in the soil improves soil structure and also decreases erosion.

Plants grow requires all these nutrients, and if residues are removed, these minerals must be supplied in other more expensive forms. Organic matter is important to the soil, other than for plant growth. It helps to maintain and improve soil structure, soil tilth, water infiltration, aeration and bulk density. When all residues are removed as in the underdeveloped countries, soil production will decline and erosion will increase. Here in the Southeast, crop residue is most important because soils in this area are highly erode.

Residues left on the surface greatly help to decrease erosion by wind and rain. About a 60 percent decrease in erosion can be had when residue is left on land with a 4 percent slope. On sandy or sandy loam type soil, about 1,700 pounds of wheat residue or 3,500 pounds of corn residue is needed to curtail erosion. For clay loam soils, about 750 pounds of wheat residue or 1,500 pounds of corn residue are needed to protect the soil.

Crop residues are important both to plant growth and decreasing soil erosion.

Doesn't it make sense to leave the residues on the soil rather than risk losing your productive soil base? For more information, contact your local Soil Conservation Service at P. O. Box 339, New Brockton, AL 36551, or 894-6332.

DOVE SEASON OPENS SOON

Dove season opens in Coffee County at Noon, October 6, 1979, and many hunters will be looking for places to hunt. If you feel you are losing valuable crops due to shelling or blown-down stalks, this is how you can turn this loss into gain. Game management for hunting has been going on for years, but few farmers take advantage of the game they already attract—DOVES.

Properly planned and managed, a farmer can obtain additional cash from a 40-acre field of corn, grain sorghum or peanuts. Each one of these crops is harvested at different times, and if you have all three, you can stagger your planned hunting dates.

The first week is a very big time, and if you have two or three fields, you can keep them busy. One man for every two or three acres is enough for safety reasons. In a 40-acre field, the hunting load would be 20 people. The field could be hunted two or three times, allowing 5-7 days of rest time for the birds, and depending on the quantity of feed available. Hunting more regularly than this will force the birds to other fields.

Many farmers are concerned about their liability and damage caused by the hunters. By having an organized hunt, you can lay down the rules and hold the hunters responsible. An agreement can be signed at the beginning to hold them responsible and relieve the farmer of liability. This agreement can be simple but direct. Requiring the hunters to give names and addresses on the form is going to automatically make them more concerned about their actions.

The demand for places to hunt and fish is becoming greater. Many farmers and landowners are selling these privileges in the form of club membership. By doing this, the landowner knows who the members are and can screen and select only the most responsible hunters and fishermen.

The club-hunter and fisherman tend to be more respectful of your land because he will be back again and again.

Wildlife management can easily be applied to every farm to bring in additional income through selling of hunting and fishing privileges. If you are interested in this as a secondary income, or if you wish to just improve your wildlife population on your farm, contact your local SCS office in New Brockton at 894-6332.

Store Decoration Contest To Be Held

Competition among the merchants of Elba will again be a part of the homecoming activities at Elba High School. The FBIA and Chi Alpha Mu clubs are sponsoring a decoration contest and will give awards to the first, second, and third place stores.

Each business desiring to enter the decoration contest should contact Mrs. Mary Carley at 897-2579 or Mrs. Sue King at 897-2180 by Friday, September 21. All entries that wish to be considered in competition must be completed by Thursday, September 27.

NEMATODE SAMPLES

Do you have problems with some of your vegetable crops dying? Do they grow well enough to suit you? Are you having problems with them? If you answered "Yes," to these questions, the chances are that you have nematodes in your garden.

Nematodes are so small that it takes a microscope to see them. However, they feed by the millions on tender plant roots. By feeding on the tiny roots, they cut off the water supply to the plants. They grow extremely slow or die.

If you are willing to buy seed and fertilizer do all the back work that gardening requires, you surely ought to be willing to send a nematode sample. The lab at Auburn can tell you the kind of nematodes you have, the number and the treatment, if necessary. They will also tell you the materials to use.

If you would like to test, call us at 894-5596 or come by the office in New Brockton, and we will give you the materials to take sample. Incidentally, you can also get a soil sample at the same time.

TALENTED WINNER

Jill Smith of Kinship is Alabama's Miss Teen USA. Jill is a beautiful young lady in her senior year at Kinship. The Miss Teen Contest was held in Birmingham in mid-summer. Jill competed with 64 other talented young ladies from Alabama, and she came out on top.

In early December, Jill will represent Alabama in the National Miss Teen Contest which will be held in Las Vegas. This will probably be televised.

Jill is active in the Beta Club and several other clubs in the school. She will also participate in the Coffee County Junior Miss Contest in October. She is the daughter of Mr. and Mrs. John W. Smith of Kinship.

I certainly wish this beautiful and talented young lady the very best as she represents Alabama in the national contest.

GOOD PLANNING

Elisa Scummers of Rt. 4, Enterprise, is one of the smartest hog producers in Coffee County. Scummers, who is partially disabled, bought an excellent boar at the Boar Test Sale Thursday night in Dothan.

This was the third sale conducted by the Boar Testing Station at Headland. Prices were down; quality was excellent.

As I sat and watched the bidding, I reminded myself that Dan Presley and I would like to see Coffee County hog producers buy the top one-

third of the boars offered in each of these sales. They are performance-tested, and if they don't come up to certain standards in gainability and other factors, they are disqualified for the sale. The boar that Scummers bought passed all the tests.

DELICIOUS

A few nights ago I attended a pork promotion meeting. Guess what I served? Ground pork. I was so impressed with how delicious this pork was that I asked Jack McLaughlin how he prepared it. McLaughlin is the top pork promotion man in the state working for producers.

McLaughlin cooks a lot of different types of pork outside, but one of his favorites is simply ground pork. He buys a fresh shoulder and has the skin removed. The remaining lean and fat is ground. He doesn't add any salt, pepper, seasoning or anything whatsoever. For outdoor cooking, he takes one-fourth pound of this ground pork and cooks it over the grill like a hamburger. It is prepared. When it is done and ready to serve, each individual simply adds whatever he wants in the way of salt, pepper and seasonings.

I am going to try this method myself. It is just another way to serve delicious and highly nutritious pork.

MEMORIAL

Home Agent Sara Hutchinson and I were honored to participate in the Memorial Tributes to the late Sadie K. Petty. The service was held Sunday afternoon at the St. Beulah Baptist Church in Enterprise.

Mrs. Petty, who died a year ago, had taught in the Enterprise High School for a few years and then worked with us at the Extension office for about seven years as a home economist. She was a very valuable and highly respected employee.

Mrs. Petty is remembered in Coffee County for the excellent work she did in the 4-H Club and adult foods and nutrition program. She influenced people and had a great impact on their lives. We were moved with the many expressions of love and respect which were shown to her. We were her church, county and community.

It is estimated that 1.6 million Americans compete in road races of all lengths.

As I sat and watched the bidding, I reminded myself that Dan Presley and I would like to see Coffee County hog producers buy the top one-

USDA Schedules Structure Meetings

The U. S. Department of Agriculture (USDA) will hold 10 public meetings during November and December to obtain comments and suggestions on the economic and social issues affecting the structure of American agriculture and rural life.

Dates and locations of the meetings are: Nov. 27, Montpelier, Vt.; Nov. 28, Fayetteville, N. C.; Nov. 29, Huntsville, AL; Dec. 4, Sioux City, Iowa; Dec. 5, Sedalia, MO; Dec. 6, Wichita Falls, Texas; Dec. 11, Boulder, Colo.; Dec. 12, Spokane, Wash.; Dec. 13, Fresno, Calif.; and Dec. 18, Lafayette, Ind.

Secretary Bergland and other top USDA officials will attend each meeting, according to Robert English, Chairperson of the Agricultural Stabilization and Conservation (ASC) committee.

Teacher Of The Week

Steve Thompson, the new band director, is being honored this week.

Mr. Thompson graduated from Enterprise High School, received his B.S. degree in Music Education from the University of South Alabama in Mobile, and his M.S. from Troy State University.

He, his wife, Claudia, and son, Ryan, live on Washington Avenue in Elba.

"So what if my name is August? I've asked you to call me Gus. Everyone calls me Gus. And if you don't, you're no longer my favorite teacher."

The chief function of your body is to carry your brain around. — Thomas Edison

As most people know, the band has been selling band calendars again. The top salesmen this year are:

Lulu Powell

Bill Bruckner

Taylor Bushing

Vonda Marler

They all received checks as rewards for their hard work.

Does Old Security Life Insurance Company

Owe You Money?

NOTICE TO CREDITORS AND POLICYHOLDERS OF OLD SECURITY LIFE INSURANCE COMPANY IN LIQUIDATION

Notice is given that on the 15th day of May, 1979, the Judge of the Circuit Court of Cole County, Missouri in case # 29868 ordered Old Security Life Insurance Company of Kansas City, Missouri liquidated for the purpose of paying its claims and debts under law and has appointed Commissioners of Claims to receive, hear and decide claims of every kind and nature including, but not limited to, claims for policyholders' benefits, refund of prepaid and unused premiums and general debts.

As an example, if you or your spouse, prior to October 13, 1977, purchased a car, furniture, mobile home or similar item and borrowed money to pay for the purchase, you may have had credit life insurance or accident and health (disability) insurance with Old Security Life Insurance Company. Check with your lending institution even if your purchase has been paid for in full.

All claims must be filed with the Commissioners of Claims on their Official Claim Forms. The law requires an official claim form be filed with the Commissioners of Claims even if you have previously filed a claim with the company. If you have not received a claim form from the Commissioners, forms may be obtained by writing to:

Commissioners of Claims

Post Office Box 1299

Kansas City, Missouri 64141

THE COURT HAS ORDERED ALL CLAIMS MUST BE FILED WITH THE COMMISSIONERS OF CLAIMS AT THE ABOVE ADDRESS BY AUGUST 31, 1980.

Vica Club Meets Thursday

The VICA Club held its first meeting of the 1979-80 school year on Thursday, September 6.

David Stokes, sponsor, welcomed the new students to the club. He explained the functions of the club, club dues and member responsibilities.

Members of the club then elected officers for the year. They are as follows:

President - Mike Marler

Vice-President - Casey Corley

Secretary - Sherrie Donaldson

Reporter - Lynn Mills

Parliamentarian - Stuart Bane

Historian - Joe Lee

In closing the meeting, the club discussed plans such as bake sales, contests and trips for the coming year.

The meeting was adjourned.

LYNN MILLS, Reporter

Did You Know....

Homecoming is two weeks away.

Mr. Carley had a wreck.

Our team is undefeated.

The seniors don't have a place to put their float.

Bama beat Georgia Tech.

T.A. likes to go to New Brockton to see J. M.

School day pictures and senior portraits to be taken on Thursday.

Charles Mallory

Bandsman Of The Week

Charles is a senior and is a brass section leader.

He has been in the band program for eight years and has marched four years.

During his years in the band, he has played trumpet, baritone and tuba.

Charles is certainly an asset to the Marching Tiger Band.

Rushing To Some Place

The two young men were both walking very fast - probably in a hurry to get some place.

At the corner there was a light.

"C'mon," said one, "let's hurry or we'll have to wait two minutes for the next red light."

They hurried. They crossed the street just as the light turned green.

"Now that we made it," said the other young man, "what are we going to do with the two minutes we've saved?"

But no reply was expected and none was made. Both remained silent as they continued rushing to some place.

The Sonic was closed on Friday nights after the football games.

"We had open campus."

There were no gates up in the parking lot.

Letters didn't give tests.

The band didn't have majorettes and a color guard.

There was no gas.

Everyone stayed in 5th period Annual Staff.

What If.....

The Sonic was closed on Friday nights after the football games.

"We had open campus."

There were no gates up in the parking lot.

Zion Chapel Senior Citizens Circle Meets

The Zion Chapel Senior Citizens met Wednesday, September 12, at the church. Guests of the group were two ladies who work with the Bookmobile - Agnes Bottoms and Gail Brewer.

They showed a film about senior citizens and also one on Gardening. They had some handcrafts, such as quilts, note holders and several other items which were most interesting.

Plans were made for the ladies to meet with the Seniors at the church each fourth Thursday.

The regular meeting date for the Seniors has been changed to 1:00 each Thursday. The time for the fourth Thursday meeting is 10:00 a.m., and a covered dish lunch will be served on that day.

All seniors are invited to join the Circle; several ladies from other churches have already joined.

There were 14 members present and the two visitors. Those present were: Susie Edkins, Jessi Mae Carr, Viola Bolin, Irene Wilkes, Rosie

Jackson, Mildred Paul, Annie Lou Ruggs, Gladys Carr, Winnie Lee Stanton, Annabelle Wilkes, Daise Lou Smith, Mable Dyess, Jim Carr and Rev. C. E. Sunday.

The meeting started at 10 o'clock. Rev. Sunday opened with a prayer and a devotional, which was taken from Ephesians 3:16-19.

Each lady carried a covered dish, with food and soft drinks. Rev. Sunday asked God's blessings on the food. Everyone enjoyed the delicious food and had a wonderful time fellowshiping in the name of Jesus.

"I am crucified with Christ yet not I, but Christ liveth in me and the life which I now live in the flesh I live by the faith of the son of God, who loved me and gave himself for me." 2:20 GAL.

Young In Heart Meet At First Baptist

Twenty-six of the Young In Heart members of First Baptist, and approximately eighteen visitors met at the church Tuesday, September 11, for their regular meeting.

Mr. L. C. Sharpless, vice-president, presided over the meeting in the absence of the president, Mrs. D'Elle Whitman.

After the welcome of members and visitors, the group was invited into the social hall where delicious refreshments were served, and a time of fun, food and fellowship was enjoyed by all.

After the social hour, the speaker for the morning, Dr. Norman Davis, from the State Library Department, was introduced by Mr. Sharpless. Dr. Davis spoke on "Pioneer Heritage of the South" and showed slides as he spoke.

Everyone enjoyed having Dr. Davis and hearing his interesting program.

The meeting was closed with prayer by Dr. Judson Vaughn.

The next meeting will be held Tuesday, October 9, at 10:00 a.m. at the First Baptist Church. New members are welcome.

First Assembly To Celebrate Homecoming

First Assembly of God in Elba will be celebrating their 40th anniversary with Homecoming services on Sunday, Sept. 30, 1979. The first pastor of the church, Rev. J. C. Thames, will be present. Other former pastors expected to attend are: Rev. Kie Sasser, Mrs. Dan Dubose (husband deceased), Rev. W. A. Thomas, Rev. J. C. Burks and Rev. Billy Johnson. Rev. Johnson will be the morning speaker.

Many former members and friends have also confirmed their plans to attend.

Services start at 10:00 a.m. and will be followed by covered dish lunch in the fellowship hall. The singing Dyess Family will be ministering at 11:00 a.m.

Assembly Youth To Have Car Wash

The Youth Department of First Assembly will sponsor a Car Wash on Saturday, Sept. 22 from 9:00 a.m. until 1:00 p.m. The location will be Daniel's Standard Station and the cost will be a \$2.00 Donation.

From our EARLY FILES

TEN YEARS AGO SEPTEMBER 18, 1969

Mr. and Mrs. Milton Lamar Vaughan, of Elba, announce the engagement of their daughter, Pamela, to Kenneth Young Baker, son of Mr. and Mrs. Winfred Baker of Elba.

Kleinert's, Inc. has started training local ladies in their sewing operation. On Monday of this week a small number of women began learning the art of sewing dress shields. Company officials indicate they will start more women each week until they reach their capacity in the plant and, and then where the new main plant is completed some time next spring.

Newly-elected Kinston High School Senior Class Officers are: Brenda Seay-Treasurer; Gale Smith-Parliamentarian; Fay Smith - Secretary; Ken Pierce-Chaplain; Larry Wise-Vice-President; Pat Hatcher-Reporter; Ronny Phillips-President.

Alman First Class John M. Williams, son of Mr. and Mrs. James E. Williams of Elba, is among the thousands of personnel from Keesler Field, Mississippi who have joined the massive effort to help nearby communities recover from the devastation of Hurricane Camille.

Elba 4th 4-H Club members are: receive awards at the 4-H Awards Day are: Steve Harrellson, Sam DeVane, Kenneth Bryan, Teddy Vaughan, Lee Lee, Russell English, Michael Marler, Lenny Farris, David Sasser, Tommy Brown, Scott Gibson, Kenneth Boswell, Mitchell Bragg, and Bruce Bush.

Two young cousins celebrated their fifth birthdays this week with parties given at Kindergarten. Lynn Marshall and Mike Morrison, who are both in the day and enjoyed having all the refreshments table set all in pink and roses as befits a birthday celebration. The other topped by an Indian and yellow candles for a young cowboy to blow out. The birthday cake was the daughter of Mr. and Mrs. Robert Marsh.

The EOT Bridge Club met Thursday evening, September 8, with Mrs. Jake Labort Morrow as hostess. All club members were present. The living room was attractively decorated for the occasion. Money prize went to Mrs. Jack Vester; low score went to Mrs. Robert Hall, and Bingo went to Mrs. Harvey Waters.

Curry Taylor, transportation expert, reports that his house-moving company to its present location near Mr. Moore's home, a half mile east. The building was jacked up, loaded onto the Taylor trailer and moved to its new location and set down on its foundation without removing all the merchandise from the shelves. According to Mr. Taylor the store made the half-mile trip without mishap.

Ed Kendrick, C. O. Miller, Leroy Miller and Tommy Foster spent Sunday on a fishing trip to Panama City, Florida, waters where the party caught about 250 pounds of fish, including 50 pounds of King Mackerel. Mr. Kendrick made special mention of the 10-pound mackerel he landed, saying he had been trying to catch a mackerel for a number of years, but the one he caught Sunday was his first.

Mrs. Cecil Bowdoin and children gave their husband and father a genuine surprise Sunday, September 18, when they honored his 43rd birthday anniversary with a sumptuous dinner at their home on the old Samson Road. A number of guests were present to share this happy occasion.

Johnson Takes Part In Exercise

Marine Lance Cpl. Philip S. Johnson, son of Juanita Benefield of Route 2, Kinston, recently participated in an amphibious exercise at Strimmonk, Greece.

He is a member of Battalion Landing Team One Slant Eight (BLET 1/8), based at Camp Lejeune, N.C. His unit is currently deployed to the Mediterranean Sea with the U.S. 6th Fleet.

Training during the week-long exercise included beach and helicopter assaults. The purpose of the exercise was to reinforce a U.S. facility facing an attack by a hypothetical revolutionary force. Following the training, Marines had the opportunity to visit ports in Greece, Italy and Spain.

A 1976 graduate of Samson High School, Samson, Johnson joined the Marine Corps in May 1976.

James Joseph Wise, prominent merchant of Elba, died Monday at 7:45 p.m. in St. Joseph's Infirmary, Indiantown, following an operation. He is survived by his widow, Mrs. Mary Alice Wise, Jr., and his children: James Joseph Wise, Jr., and Herbert Douglas Wise, Jr., and one sister, Mrs. K. D. Thomas, of Elba.

LOCAL NEWS... OF INTEREST... TO OUR READERS...

Miss Wilson Receives Degree

Miss Terri Wilson, daughter of Mr. and Mrs. John C. Wilson, received her degree in Medical Technology on August 15, 1979.

New Era Junior Women's Club Meets

The New Era Junior Women's Club held its first meeting of the 1979-80 club year on Monday, September 10, in the home of Mrs. June Grantham. Mrs. Boyd was co-hostess with Mrs. Grantham.

The club president, Mrs. Barbara Vaughan, called the meeting to order, at which

job with the Sacred Heart Hospital in Pensacola, Florida, where she completed a year of internship after her graduation from Troy State University. She began work at the hospital on August 21, 1979.

time the devotion was given by Mrs. Boyd. A short business session followed, and two new members - Mrs. Lynn Lewis and Mrs. Deloris Marsh - were welcomed.

Immediately following the order of business, the members were served a delicious dessert plate by the hostesses.

A formal program was not planned for this meeting, and the members used this time to discuss plans for future club projects.

Those present were: Mrs. Charlotte Adkinson, Mrs. Pam Baker, Mrs. Harriette Boyd, Mrs. Kathy Giles, Mrs. June Grantham, Mrs. Judy Hall, Mrs. Sylvia Hudson, Mrs. Lynn Lewis, Mrs. Deloris Marsh, Mrs. Janice McCall, Mrs. Patricia Nicholson, Mrs. Eron Russell, Mrs. Elaine Shirley, Mrs. Sara Strong, Miss Shirley Tucker and Mrs. Barbara Vaughan.

Pilots Have White Elephant Sale

A White Elephant Sale was the main attraction recently when the Pilot Club of Elba sponsored a family cookout at the Coffee County Lake. Jeff Bimbo, the cunning auctioneer, receiving unexpected bids for the surprise packages of white elephants from the anticipating audience.

On September 8, 1979, the fund-raising leaders held a Trash and Treasure Sale at which participants were given support club activities.

With Cynthia Horderfield, president, and the monthly business session on September 11, 1979, began with the most appropriate devotion, "A Time For..." presented by club chaplain, Ann Davis.

On the agenda were: arranging for Alabama District Pilot Governor's official visit in November; and sending a memorial fund to Pilot International Foundation for a recent past PI president's husband who was killed in an accident.

Fortcoming programs of Share Pilot and Operation Santa Claus with Police Chief Rayburn were planned. Prospective Coordinator, Agnes Wilson, announced September's Education program to feature special speakers, Lloyd Lewis to inform members of vital automotive knowledge necessary to the women.

Carol Fudge reported that the Benson Fruitcake Sale would take place in November and December.

The meeting adjourned with the finalization of plans to sell tickets for a dollar each on \$100 worth of gasoline, to be awarded at a drawing during the half-time of the Elba-Troy football game, on October 12.

Three Season's Study Club Meets

The Three Seasons Study Club of Elba held its first meeting of the 1979-80 club year on Monday night, September 10, 1979, at 7 p.m. in the home of Mrs. Jean Helms, with Mrs. Judy Bowell serving as hostess also.

After an inspiring devotion given by club president, Mrs. Cathy Smith, each of the 19 members present was served a delicious salad plate and enjoyed a social period.

Program Chairman, Mrs. Jean Helms, then called on the guest speaker for the evening, Mrs. Doris Taylor. Mrs. Taylor is chairman of the Elba City Library Board. She gave an interesting history of the library as well as a brief insight concerning its operation and possible projected improvements.

A business session was then begun, during which time various committees were named and projects for the coming year were discussed.

Also, the success of the Children's Story Hour held during the summer months at the Elba City Library was discussed; and members of the club were thanked for their efforts in helping to make the project a success.

The meeting was then adjourned.

Staff Sgt. Jules M. Hobbie of Jack, captures an art-card with a television camera at Fort Rucker. It will be part of a production from the National Guard Aviation Division's Multi-Media Group for which Hobbie works as photographer and will be used to supplement training programs for Guard units in the 50 states, Puerto Rico, the Virgin Islands and the District of Columbia.

Retired Teachers To Meet

Members of the Retired Teachers Association of Coffee County will have their first meeting of 1979-80 at Holley's Restaurant on Tuesday, September 25, 1979, at 12 o'clock Noon.

The goal for the group is to reach every retired teacher in the county and invite them to join the Association. Those not receiving programs are still invited to attend, as the names of some retirees were not available.

Those attending were: Mrs. Tera Borders, Mrs. Leta Smith, Mrs. Gertrude Jackson, Mrs. Jennie Hussey, Mrs. Roshia Blanton, and Mrs. Lovie Brooks. Mrs. Vera Hutto was unable to attend due to illness.

These children and their families enjoyed the fellowship and the delicious meal.

Before departing, the group decided this would be an annual event; and on the third Sunday in September, 1980, the Smith descendants and their families will gather at the Victoria Community Building for their second annual reunion.

Those attending were: Mr. and Mrs. Ewell Blanton, Mrs. James Blanton, Mr. and Mrs. Lamar Brooks, Julia and Joe; Mr. and Mrs. Donnie Daugherty, Chuck and Brook; Mr. and Mrs. Robert Hussey; Mr. and Mrs. Donald Hussey; Blonda, Donnie, Stacey and Jeff; Mr. and Mrs. Lera Smith; Mr. and Mrs. Paul Walden and Paula; Mrs. Lera Borders; Mrs. Robbie Russell; Mr. and Mrs. Dick Jackson and Debbie; Mrs. Eric Simmon; Billy Ray Jackson, Natasha and Shane; Mr. and Mrs. Jack Mison; Mr. and Mrs. Bobbie Meredith and Allison; Mr. and Mrs. Jack Reynolds; Cindy, Johnny and Tommy.

Jama Eleanor Windham celebrated her first birthday on September 11, 1979, with a party in the home of her parents, Mr. and Mrs. Jack Windham, Jr., on September 9, 1979.

Jama's cake, decorated like an ABC block, was served with chips, candy and Coke to all four guests.

Friends helping her celebrate were Angie and Chris Parrish, Dina and Dusty Smith, Nichole Semonelle, Clarke Tucker, Eric Simmon, Brad Grantham, her brother, Jack, and her sister, Jill.

Jama's grandparents, Mr. and Mrs. Jack Windham and Mr. and Mrs. William Colvin, also enjoyed the party.

Mr. Marion Newson, of Enterprise, recently retired from Dorsey Trailers, Inc., Marion worked in the Janitorial Department under the supervision of James D. Thomas for more than 13 years.

On his last day of work he was presented a gold watch from the company in appreciation of his years of service. Dorsey wishes for Marion a long and enjoyable retirement.

Senior Spotlight Mrs. Mabel Chapel

Miss Mabel is talented like her late sister, Mayme - she, too, plays the piano. She has always enjoyed working in her yard and working with flowers. When she and Mr. Chapel were living in their home in Louisville, it was a showcase because the yards were so lovely and well-kept; and the house itself was filled with handsome pieces of antique furniture.

Miss Mabel is a Baptist and belongs to the Louisville Baptist Church.

She has been living at the Elba Nursing Home since June 23, 1978. Her roommate is someone whom we've had the pleasure of meeting already - Mrs. Elizabeth Dunnaway, better known as "Granny" Dunnaway.

Miss Mabel is under the weather and feeling poorly at the present; but we know she'd appreciate your prayers and best wishes for a speedy and complete recovery; so, do remember her; and in the meantime drop by for an entertaining and delightful visit with the other dear folks at the nursing home REAL soon - Okay?

Before we meet our Very Special Person for the week of September 20, let us correct a mistake in the interesting account of Mrs. Ora Lee Padgett's life in last week's edition of The Elba Clipper.

It was Miss Ora Lee's husband, Henry Grady Padgett, who was the community veterinarian, here in Elba, when there was not a licensed veterinarian, and NOT Miss Ora Lee's son, James Jewel, as was printed.

We're sure a lot of you caught the error, as some of you old-timers will remember going to his home late at night with a sick cow or horse and making him. Miss Ora Lee said SHE sure remembered being awakened out of a sound sleep several times! Hal Ha!

Now, to meet our Senior Citizen for this week. She is a very nice lady who is held in high esteem by all who know her. She is not an Elbian by birth, but hails from the fair county of Louisville, a small town about 50 miles northeast of Elba. However, she does have many kinfolks living here, and also has a sister who has just recently moved to the Elba Nursing Home.

After an inspiring devotion given by club president, Mrs. Cathy Smith, each of the 19 members present was served a delicious salad plate and enjoyed a social period.

Program Chairman, Mrs. Jean Helms, then called on the guest speaker for the evening, Mrs. Doris Taylor. Mrs. Taylor is chairman of the Elba City Library Board. She gave an interesting history of the library as well as a brief insight concerning its operation and possible projected improvements.

Stephanie Goodson Has Seventh Birthday

Miss Stephanie Goodson, daughter of Mr. and Mrs. Robert Goodson of New Brockton, celebrated her 7th birthday on Saturday, September 15, 1979, with a party at her home.

She celebrated were: Jennifer English, Brent Goodson, Mark Moseley, Susan Johnson, Wendy Bowdin, Gail Pyrom, Angie White, Todd Rugg and Timmy Goodson. Stephanie's aunts, Tina Goodson and Susie Blanton, dropped by.

The boys and girls played games and prizes were given to the child with the best score.

Everyone enjoyed the party refreshments consisting of cake, punch, potato chips and candy. Charlie Brown was the party theme used in the decorations.

After refreshments, the children gathered around Stephanie to watch her open the gifts.

Stephanie's grandparents are Mr. and Mrs. Charles A. Goodson of New Brockton, and Mr. and Mrs. Ewell Blanton of Jack.

Joel And Ada Smith Children Have Reunion

The children of Joel and Ada Smith had a family reunion on September 16, 1979, at the Victoria Community Building.

Children of the late Smiths attending were: Mrs. Tera Borders, Mrs. Leta Smith, Mrs. Gertrude Jackson, Mrs. Jennie Hussey, Mrs. Roshia Blanton, and Mrs. Lovie Brooks. Mrs. Vera Hutto was unable to attend due to illness.

These children and their families enjoyed the fellowship and the delicious meal.

NEWS FROM ALABAMA LUNG

POLLUTED AIR FOR LUNG PATIENTS

As levels of air pollution rise, so do hospital admissions for lung disease. Even when pollution levels are considered "acceptable."

Feeding these two lines of data into a computer, Dr. Stanley R. Lane, assistant professor of medicine at Rutgers Medical School, found a direct, significant correlation between the rise and fall of nine chemical pollutants and the corresponding fluctuations in hospital admissions for lung patients.

During the three-month period of the study in late 1977, there were 5,000 such admissions in the study area, which was Camden and Newark, New Jersey.

The pollutants measured were nitrogen oxide, sulfur dioxide and ozone. Although sulfur dioxide is usually used as an index of air pollution, Dr. Lane found an even more marked correlation between hospital admissions and increases in nitrogen oxide.

During the period studies, there was no air-pollution alert. The levels of pollution were those commonly found in the area. The striking results have alerted health officials; and the state of New Jersey has given Dr. Lane a \$25,000 grant to extend his study for one year.

Only hospital admissions were studied. "This says nothing about affected people who stay home, or those getting treated and released from emergency rooms," Dr. Lane says.

Views From The Pressbox

By: Ricky Mulaz Sports Editor

The Tigers posted another lopsided win last week, and in our opening three games we've outscored our opponents 98-20. That's a very impressive statistic, but one has to wonder if we're "that good" or our opponents have been that bad. I guess it's probably a little bit of both. Elba has made far too many mistakes in the opening wins, and we must cut down on the mistakes or we're going to beat ourselves.

The Elba offense made a lot of penalties, but they were impressive. Don Horstead got cranked up and has silenced the skeptics who were saying he wasn't playing as well last year. After last week's 198-yard outing, there "ain't no doubt!" - Don

Unbeaten Tigers Seek Revenge In Rematch With Opp Bobcats

Last year the Elba Tigers posted an 8-2 record and won the S.A.C. football championship. Only one thing kept the Tigers out of the state playoffs - a 20-5 loss to Opp. Tomorrow night (Friday) the Tigers will try to even the score!

Opp has a good team," reported Elba's Coach Mac Wood, "and they're a whole lot better than the scores of their first two games indicate."

Opp has the potential to be a super team; they just haven't put it all together yet. Troy had some big plays and got all the breaks against them, while the Florida game wasn't as close as the score might indicate. Opp has a very good team!"

"On offense," said Wood, "they like to option, trap and

quick pitch, and they have good depth. They have four good running backs and a big line to run behind. They're a whole lot bigger than we are. The Grimes boy is an excellent quarterback, and he runs the option real well. He is also a good passer and he has real good receivers. On defense, they are very aggressive and tough. They shut us down last year, and are just as good this

year. Without a doubt, Opp will be the best team we've played!"

"For us to win," added Wood, "we've got to have to be consistent on offense. We need to control the ball and put some points on the board. We also have to stay away from mistakes. On defense, we can't give up the big play. We have to be aggressive and consistent."

"We're humped and bruised up," said Coach Wood, "but we hope to have every-body healthy for the game. We are going to have to play with poise and confidence, and play a sound game in all areas. This is Opp's first home game, and they will be excited and ready to go. We are trying to take the right approach to the game, and the players have been real attentive all week. If you play good football for four quarters, you have a good chance to win; if not, you get kicked!"

"We want to win," added Coach Wood, "and we'll do everything we can to win. If we play good, the score will take care of itself."

When asked to comment on

Coach Mack Wood discusses defensive strategy with linebacker Mark Clark (65). Clark will lead the Tiger defense as they will try to shutdown Opp.

last week's win over Luverne, Coach Wood said, "I'm real proud of the team. We played better against them than we have in the past two years. We had a lot of penalties, but they were the result of being aggressive."

Drawing praise on offense were Todd Westbrook (FL), Danny Baxley (TE), Mark Davis (DT), Phil Hayes (G), Mason Morrow (C), Glen John-

son (G), David Sutley (T), Alan King (QB), Bobby English (FB) and Don Horstead (TB). On defense, Wood praised the play of Bobby Hall (DE), Stewart Bane (DE), Doug Daniels (T), Jamie Hudson (T), Eddie Coleman (MG), Mark Clark (LB), Greg Hudson (LB), Mike Harrelson (LB), Todd Westbrook (HB), Wayne Parker (HB), Chris English (S) and Troy Brown (HB).

Pensacola Open Set For Oct. 15-21

Florida Governor Bob Graham, the Merry Mex, Lee Trevino, and Pensacola's own Jerry Pate have become the initial three big names to kick off the fiftieth anniversary of the Pensacola Open October 15-21.

Governor Graham opened the official festivities with a proclamation declaring the week of October 15-21 as Golf Week in Florida in observance

of the Pensacola Open's status as the fourth oldest professional golf tournament in the United States and the oldest in the State of Florida.

The 1979 edition of the tournament will celebrate its golden anniversary with the largest prize in history. The \$200,000 prize monies to be shared by the nation's top touring professional golfers will be fought over for the second

straight year at Perdido Bay Country Club.

Trevino, only the second man to take more than two million dollars from the pro golf circuit; Pensacola's own popular touring pro and 1974 U.S. Amateur Champion Jerry Pate; and 1971 runner-up Pete Brown have become the initial entrants for the annual renewal of the final official money event of the current PGA tour.

Zion Chapel Downs Clio

44-0

BY GREG BRUNSON

The Zion Chapel Rebels combined an airtight defense and an explosive running attack to post an impressive 44-0 victory over area foe, Clio. The Rebels used 8 different running backs to compile a total of 320 yards, while the defense held Clio to a total of 68 yards.

The Clio Yellow Jackets took the opening kickoff and were unable to move the ball on the Clio four yard line. After the punt, Zion Chapel took over on the Clio 45 yard line. Six plays later, Tommy McClain powered over from the two yard line for the first points of the night. Boyd Deal added the conversion, so with 6:50 left in the first quarter, Zion Chapel led 7-0.

After another big defensive stand, Z.C. took over on the

Clio 44 yard line. Nine plays later, Leslie Hussey found his way into the Clio endzone with an explosive running extra point making the same Z.C. 14-Clio 0 with 11:11 left in the first half.

Zion Chapel's next possession started on their own 13 yard line. Four plays later, Mike Carney took the honors on the two yard line. This drive was highlighted by a 79 yard run by Mike Carney. Tommy McClain ran for the two point conversion, making the score 22-0 with 6:36 remaining in the first half.

Each team had one more possession in the half, but neither was able to cross the others goal line.

Zion Chapel took the second half kickoff and drove from their own 27 yard line to the Clio 7 where a fumble stopped the drive, but Clio was again unable to move the ball, and was forced to punt.

After another exchange, Zion Chapel forced Clio to punt from their own 44 yard line. A bad snap forced the Clio punter, Norris Morris, to scramble in the endzone and finally throw an incomplete pass, giving Zion Chapel the ball on the Clio four yard line.

Two plays later, Walter Adair blocked in the endzone. Tommy McClain again added the two points to the Rebels lead 30-0 with 10:00 to play. The Rebels defense scored the next touchdown with Ricky Dorman scooping up a Dennis

Hall fumble and galloping 13 yards. Tony Calhoun's pass attempt for two was no good, so with 8:51 remaining in the game, the Rebels lead 36-0.

Clio took the kickoff and made their best offensive drive of the evening, only to be stopped by an interception. Byron Foley intercepted the pass and returned it 48 yards. Three plays later, Chris Sanders raced in from 12 yards out for the touchdown. Boyd Deal passed to Byron Foley for the two points to round out the scoring at Zion Chapel 44-Clio 0.

That ended the scoring, but not the excitement. A five yard motion penalty brought back a 42 yard pass play from Boyd Deal to Byron Foley.

Z.C. 1st downs 7, Rushing 65, Passing 25, Total Offense 345, Passes 14-1, Fumbles/Lost 1/1, Penalties 1/15, Punting 5/32.4, Returns/Yards 5/96

Mike Carney lead the Rebels offense with 155 yards in 13 carries followed by Tommy McClain 72.9; Chris Sanders 30.2; Walter Adair 29.6; and Leslie Hussey 27.5. Norris Morris was the leading ground gainer for Clio with 31 yards on 8 carries. The Rebel defense could prove to be a force to reckon with this season. Chris Sanders, Tommy McClain, Mike Ammon, Boyd Deal, Ricky Dorman and Leslie Hussey are just a few of the key men in that big defense.

Phil Freese Boots Brockton To 15-13 Win Over Goshen

Phil Freese, who is fast becoming one of the top place-kickers in the state, calmly booted a 30-yard field goal with only 14 seconds left in the game to lift the New Brockton Gamecocks to a thrilling 15-13 win over the Goshen Eagles.

The Gamecocks now own a 3-0 record, while Goshen's fell to 1-2.

New Brockton took command early in the game and marched 53-yards for their first score of the night. Ricky Sipper notched the touchdown on a 4-yard run, but the p.a.t. was no good, leaving the Gamecocks with a 6-0 lead with 4:46 left in the first quarter. Brockton moved into Goshen territory several times in the second stanza, only to bog down and face score. At the half, the Gamecocks clung to a slim 6-0 lead.

The third quarter was a standoff, with both teams playing good, hard-nosed football, but neither club could find the payoff, and going into the final quarter, Brockton still led 6-0.

New Brockton moved ahead 12-0 with 9:27 left in the game on a 4-yard run by Danny Haynes, and the Gamecocks seemed to have the game all wrapped up. However, the touchdown seemed to wake up the Eagles, and Goshen came flying back to grab the lead! Goshen took the ensuing kick and marched 83 yards in only 7 plays to cut the lead to 12-6. The score came on a 7-yard run by Jeffery Lee, and with 7:10 left in the game, win number three was in doubt!

The Gamecocks couldn't budge the Eagle defense on their next possession and were forced to punt. Goshen took over on their 12-yard line and went to the air as they covered 88 yards in only 5 plays to again hit paydirt. The tally came on a 30-yard pass from Mark Johnson to Anthony Owens, and following Jeff Lee's extra point, the Eagles went suddenly on top 15-12 with only 2:35 left in the game.

The Goshen players and fans went wild after the touchdown, but Brockton simply regrouped and got to work! The Gamecocks began at their

40-yard line, and behind the running of Terry Medley, Keith Roberts and Danny Haynes methodically moved downfield to the Goshen 12-yard line. With only 14 seconds left on the clock, Phil Freese booted a 30-yard field goal and the Gamecocks had the win 15:13!

STATISTICS
NB 1st Downs 13, Rushing Yds. 62, Passing Yds. 149, Total Offense 231, 3-0, Fumbles/Lost 1/0, Punting Aves. 3-37, 65 Penalty Yds. 60

Danny Haynes picked up 97 yards on 26 carries to lead Brockton, while Terry Medley added 66 yards on 11 carries. Leading the Gamecock defense were Terry Medley, Phil Freese, Kevin Weeks, Tony Strength and Danny Haynes.

The Gamecocks' next game is tonight (Thursday) against undefeated Houston Academy, at Doherty's Rip Hewes stadium. Kickoff is set for 7:30.

Off and running is a speedy Brantley back in early season action! (Photo By B. W. Williamson)

Brantley Bulldogs Snap Losing

Streak; Blank Dozier 7-0

Stop the press! Reports of the death of the Brantley Bulldogs are false. The "Green Machine" is alive and well and ready to get back on the winning track!

The Brantley Bulldogs snapped a 2-game losing streak last Friday night when the shutout the high-powered Dozier Tigers 7-0, in Dozier. The win upped Brantley's record to 1-2, while Tigers' record slipped to 0-3.

Both offenses moved the ball in the opening half, but fumbles and penalties slowed drives that seemed headed for paydirt. Late in the second quarter, Dozier moved deep into Bulldog territory and was headed for a score. However, Brantley's Terry Singleton intercepted a pass in the endzone to stop the march. The Dogs seemed content to run the clock out, but called time-out with :05 left in the half to try one last play. Splendid Richard Dorsey took a handoff on a reverse, stopped, and lofted a pass to tight-end Karl Rayburn, who raced untouched 80-yards into the

endzone for a touchdown. J.J. Foster added the extra-point to give Brantley a 7-0 halftime lead.

The defenses totally dominated play in the second half, with neither team mounting any scoring threats. As the final second ticked-off the clock, it was Brantley who did the cheering as they posted a 7-0 win.

The Brantley defense was led by Ricky Hall, Andrew Bennett, Mike Jones and Terry Singleton, while stand-out players were Charlie Brundridge, Jeff Kimbro and Nate Everett.

Brantley is at home this week against the Red Level Tigers, while Dozier travels to Straughan. Both games will start at 7:30.

Coach Rainer praised the play of Darryl Wilkerson, Curtis Lane and Jimmy Rogers

Kinston's Coach Rick Rainer talks things over with quarterback Darryl Wilkerson (15).

Kinston Bulldogs Begin Long

Homestand Against Freeport

The Kinston Bulldogs finally get a chance to play in front of the home folks this week when they host Freeport, Florida, a class A power with a perfect 2-0 record.

Freeport has defeated Concordia 12-10 and Panama City Christian 6-3, and is looking for its best season since

"I wish I knew more about them," said Kinston's Coach Rick Rainer, "because they obviously have a good team. I do know they have a young team with only 5 seniors, and they're not as physical as the teams we've been playing. They use a tailback oriented offense, and their tailback is real quick. In their opening games, their tailback ran the ball most of the game. On defense they use a 3-man front and play good, tough football."

"We'll be in good shape," added Rainer, "and we will have Kenny Davis and Mark Parker back in the line-up. This starts a 4-week homestand for us and we'd like to get a winning streak going. We don't have any easy games coming up, but if we can keep a balanced attack and cut out the mental mistakes and turnovers we'll be okay. Our defense has to be aggressive and stop folks so we can have good field position. I think we're showing improvement every week and we're about ready to chalk up a win!"

"Arton has a tremendous football team," said Rainer, looking back to last week's game against the Red Level Tigers. "Arton's defense was a super running back. We moved the ball well in the game, but made turnovers so we can have good field position. I think we're showing improvement every week and we're about ready to chalk up a win!"

Hunters Reminded Of Safety Rules

BY: Hunter Safety Coordinator

With the fall hunting season approaching, now is an appropriate time to remind Alabama sportsmen of their responsibility toward safe hunting and thus preventing accidents that could mar an otherwise enjoyable hunting season.

During the 1978-79 hunting season more than 650,000 persons participated in the sport of hunting here in Alabama. In view of these figures, we were fortunate to have had only 28 hunting accidents reported statewide.

Twenty-one of these reported accidents were non-fatal, while seven ended in tragedy. One of the fatalities resulted from a self-inflicted wound, and nine of the non-fatal and five of the fatal accident victims were shot as a result of being mistaken for game or as the shooter was swinging on game.

Taking these facts into consideration, 12 of these hunting accidents could have been pre-

vented if the shooters had taken the time to positively identify their target, or if the victims had been wearing hunter orange or fluorescent orange clothing.

The majority of these accidents occurred on private land with either a close friend or relative of the victim doing the shooting.

Another category of hunting accidents is being reported that does not involve a firearm, and that is falling out of tree stands. Five tree stand accidents were reported, with one of these being fatal. Three of these accidents were archery hunters and two firearms. More and more people are using tree stands to hunt than ever before, so one more rule must be added to the list of safety rules and that is to be sure and use a safety line if you are in a tree stand.

Taking these facts into consideration, 12 of these hunting accidents could have been pre-

426 W. Davis Elba, AL. 897-3112

Lovely Nita Calhoun performs during halftime with the Marching Tiger Band.

Don Horstead (33) eludes Luverne's Darrin Sanders (87) en route to a big gain. Horstead picked-up 198-yards in the win.

Don Horstead Gets Cranked-Up As Tigers Clobber Luverne 41-13

Elba running back Don Horstead was feeling sick before last Friday night's game with Luverne, but not as sick as the Luverne players were feeling after the game! All Horstead did was gain 198 yards in 19 carries and score 3 touchdowns to lead Elba to a lopsided 41-13 win over the previously unbeaten Tigers.

The win boosted Elba's record to 3-0, while the loss dropped Luverne's slate to 2-1.

1st Half Statistics

ELBA	Time of Poss.	LUV.
14:07	No. of Plays	9:53
32	1st downs	26
133	Rushing Yds.	69
65	Passing Yds.	78
198	Total Offense	147
4-6-0	Passes	3-9-1
2/1	Fumbles/Lost	2/2
1-35	Punts-Ave.	2-36
25	Penalty Yds.	20

Luverne won the toss and elected to receive, but the Tigers couldn't find the handle on the kick and Elba's Troy Brown recovered to put the locals in business at the Luverne 24-yardline. Bobby English ripped for 8-yards on the opening play, but a penalty stalled the drive and the Tigers were stopped at the 15-yardline. The visitors from Crenshaw County weren't ready to quit, however, and came right back to score on a 65-yard touchdown pass from Brian Reeves to Arbie Dixon. Glen Maloy kicked the extra-point as Luverne pulled within 21-7 with 1:41 still remaining in the action-packed second quarter.

Elba bobbled the ensuing kick to give Luverne a chance to score again, but Coach Glen Daniel's crew moved to the

25-yard pass to Chris English. Elba did gain short yardage on the ground, but it was two passes to Todd Westbrook for gains of 11 and 12 yards that kept the march going. Bobby English bulled over from 2-yards out for the Elba touchdown, and following David Suttley's extra-point the Tigers led 7-0 with 7:06 left in the half.

Luverne again had trouble handling the Elba kickoff, and this time Eddie Coleman pounced on the fumble to give the Tigers the ball on the Luverne 16-yardline. Don Horstead rambled in low plays later on a 16-yard jaunt and Suttley again added the extra-point to push the Tigers' lead to 14-0 with 6:11 left in the half.

Luverne began to drive on a fourth down and one at the 44-yardline. Elba defense held, and the Tigers were ready to score again. Alan King hit on a third-down pass to Danny Baxley for a 17-yard gain, and two plays later Bobby English ran 27-yards for another score. David Suttley booted the extra-point to push the Elba lead to 21-0 with 2:20 left in the half.

The visitors from Crenshaw County weren't ready to quit, however, and came right back to score on a 65-yard touchdown pass from Brian Reeves to Arbie Dixon. Glen Maloy kicked the extra-point as Luverne pulled within 21-7 with 1:41 still remaining in the action-packed second quarter.

Tiger 14-yardline with time running out. However, Elba's Todd Westbrook intercepted a screen-pass on the 8-yardline with 3:11 left to end the threat, and at the half Elba owned a 21-7 lead.

2nd Half Statistics

ELBA	Time of Poss.	LUV.
11:20	No. of Plays	12:40
26	1st downs	34
4	1st downs	8
154	Rushing Yds.	88
29	Passing Yds.	3
183	Total Offense	91
2-3-0	Passes	1-9-0
2/0	Fumbles/Lost	2/1
2-32	Punts-Ave.	1-33
79	Penalty Yds.	20

Elba received the second half kick and put the ball in play on the 30-yardline. On the very first play, Don Horstead broke thru the line, turned outside, and raced 70-yards down the field for a touchdown. David Suttley again the p.a. to put Elba on top 28-7 with only 29-seconds gone in the third quarter! Luverne was forced to punt on their initial possession of the half, but Elba's offense failed to click and punted the ball back to Luverne. Danny Baxley's punt soared high and long was downed on the 1-yardline. Luverne fumbled on the next play and Stewart Bane recovered only inches from the goal. Alan King sneaked over on the next play and David Suttley again added the extra-point as Elba's lead grew to 35-7 with 5:10 left in the quarter.

On defense, Elba was led by Eddie Coleman (7 tackles, 3 assists), Mark Clark (77 and 3A), Stewart Bane (57 and 2A), and Todd Westbrook (47 and 1A).

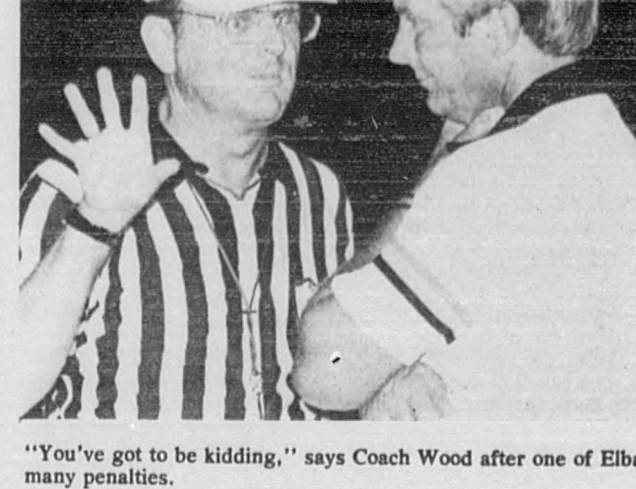

Elba wanted one more score, and began their final scoring march on the night. The drive covered 65-yards in 13-plays and ate-up nearly 5-minutes of the clock. Don Horstead got 49-yards on the drive and scored on a 4-yard run. The extra-point attempt failed, but with 7:18 left in the game Elba was in total command, leading 41-7.

Elba's reserves went in on defense following the touchdown, and Luverne moved 58-yards in 8 plays to score the final points of the night. The touchdown came on a 3-yard pass from Brian Reeves to John Morgan. And after the conversion failed the score-board read Elba 41-Luverne 13.

ELBA	Time of Poss.	LUV.
25:27	No. of Plays	22:33
58	1st downs	60
10	1st downs	12
287	Rushing Yds.	157
94	Passing Yds.	81
381	Total Offense	238
6-9-0	Passes	4-18-1
4/1	Fumbles/Lost	4/3
3-33	Punts-Ave.	3-35
104	Penalty Yds.	40

Don Horstead rushed for 198-yards in 19 carries to lead Elba, while Bobby English added 82-yards in 15 carries. Chris English caught 2 passes for 40-yards to pace the Tigers receivers, while Todd Westbrook had 3 catches for 37-yards, and Danny Baxley caught 1 pass for 17-yards.

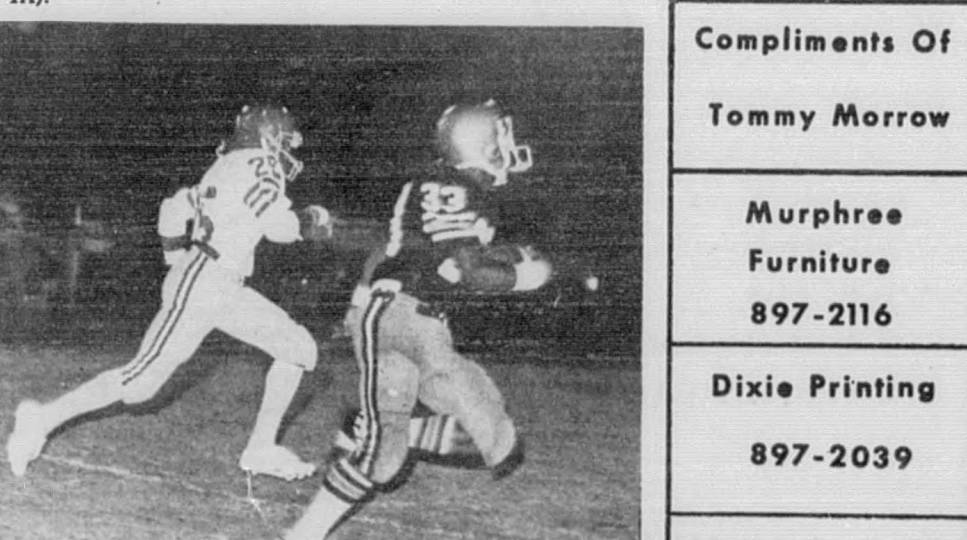

On defense, Elba was led by Eddie Coleman (7 tackles, 3 assists), Mark Clark (77 and 3A), Stewart Bane (57 and 2A), and Todd Westbrook (47 and 1A).

"You've got to be kidding," says Coach Wood after one of Elba's many penalties.

Ouch! Luverne's Darren McMillan (21) is tackled by Bobby Hall (84) and Mark Clark (65).

Don Horstead (33) is off and running on a 70-yard touchdown jaunt. Chasing, in vain, is Luverne's Gurnell Dixon (25).

NEWS from your PHARMACIST

BY: KRIS SCARBOROUGH

Tremendous progress has been made in recent years in the treatment of mental patients and in the role of successful rehabilitation. Psychologists, psychiatrists, sociologists, the National Association for Mental Health, and others who have devoted much effort to the problem of mental illness.

It has taken a great deal of effort to educate the American public to the fact that mental illness is just another disease—not something the patient and his family should be ashamed of. Mental patients are returning every day to resume normal, healthy lives as the result of modern techniques of treatment.

Your doctor knows best. He knows exactly what to prescribe for you and our job is to be certain that you get the medicine that he prescribes. Our professional pharmacists stand ready to serve your needs from our complete stock of drugs. Rely on our prescription service.
